

June 23, 2011

Dear Lions, Leos, Lionesses, family and friends,

With gratitude and gratefulness I write this message to thank you for a year of wonderful support you have individually or collectively given to the Council.

As you are aware the Council's term for 2010-2011 will end in two weeks' time. The experience we have gained will definitely help us in meeting new responsibilities in our Lionistic service.

During the year as I move around the Districts I observe that Lions are letting their light shine brightly on serving others. To them you are the beacon of hope.

Now a new leadership is taking over the Council and also at the four districts. I believe they are all ready and planning well to take our Multiple District and their respective districts to greater heights. Your undivided support is crucial for them to achieve their goals and aspiration for the betterment of Lionism in our MD.

The final whistle has gone out and we shall now take a bow and thank you for your unflinching support.

Finally our best wishes to all of you, be happy, healthy and believe that the best is yet to come.

Wong Chang Wai
Council Chairperson
