

# **LIONS CLUBS INTERNATIONAL**

## **DISTRICT 308-A2**

### **Special District Foundation Grant**

#### **Application Criteria**

1. District Governor reserves the right to request additional information and clarification after the application is received.
2. Special District Foundation Grant projects must involve Lions from all lions clubs in each zone in our District.
3. Projects should serve many people, and ideally majority of local communities in order to maximize the charitable impact of District Foundation Grant funding. Priority is given to projects serving the neediest section of society which is demonstrating financial need.
4. In addition to Lions' involvement and identity with the project, the applicant (participating clubs) must make a significant financial commitment to the project. At least half of the local matching funds must be secured and / or raised by the Lions before submitting the grant application.
5. Local matching funds must represent cash available or pledged for the current project being proposed. Any In-kind donations, whether land, labor or materials will strengthen the proposal and should be highlighted in the project write up, but such kind support may not be included in the budget as part of the matching funds
6. Expenditure must not include payment of followings to any Lions
  - Travelling allowance
  - Food & Drink
  - Transportation expenses
7. 50% of approved grant will be paid before the project commences. Remaining grant will be made after the organizing clubs have submitted their final account report
8. Matching grant for purchase of equipment shall only be granted if it is used for following lions run bodies
